

Hannah Hubbell - Voice, Piano, Songwriting & Digital Production

Hannah has been singing, producing and performing for over a decade. As an independent music artist she has toured nationally and performed with Billie Eilish, Caravan Palace and The Album Leaf. Originally coming up in the San Diego/LA music scene she initially started a pop punk band before eventually getting into music production and developing a few solo projects over the years. Inspired at the time by the electronic music scene she has since turned her focus towards more folk and rock genres, gaining inspiration from artists such as Florence and the Machine, Bon Iver, Kate Bush and more. She has been teaching for three years and loves sharing her knowledge and joy of music with others. She teaches voice, beginner piano, music production and songwriting.
